

Spokane ISS

PROJECT HISTORIES:

Name of Project: Exxon Mobil-LSM Project
Location: Billings, MT
Owner: Exxon Mobil
Scope of Work: 35,500 LF of Pipe Insulation, 15,000 SF of Vessel & Equipment Insulation

Name of Project: Cenex Harvest States-Hydrogen Plant
Location: Laurel, MT
Owner: Cenex Harvest States
Scope of Work: 1,000 LF of Pipe Insulation & 6,500 SF of Vessel Insulation

Name of Project: Smurfit-Stone Container
Location: Frenchtown, MT
Owner: Smurfit-Stone Container
Scope of Work: 23,000 LF of Pipe Insulation & 10,000 SF of Equipment Insulation

Name of Project: Conoco Phillips-OSBL Project
Location: Billings, MT
Owner: Conoco Phillips
Scope of Work: 13,000 LF of Pipe Insulation

Name of Project: Rocky Mountain Lab BSL4
Location: Hamilton, MT
Owner: Rocky Mountain Lab
Scope of Work: 49,000 LF of HVAC & Plumbing Pipe Insulation, 40,000 SF of HVAC Duct Insulation, Mechanical/Electrical Firestopping

Name of Project: St. Peters Hospital Patient Tower
Location: Helena, MT
Owner: St. Peters Hospital
Scope of Work: Plumbing & HVAC System Insulation

Continued on Page 2

Name of Project: Air Liquid Hydrogen Plant
Location: Moses Lake, WA
Owner: REC
Scope of Work: Insulation/ Metal Lagging of Liquid Hydrogen & Liquid Nitrogen Lines

Name of Project: U of M Interdisciplinary Science Building
Location: Missoula, MT
Owner: State of Montana
Scope of Work: Plumbing & HVAC System Insulation

Name of Project: Feedwater Heater Replacement
Location: Columbia Generating Station
Owner: Energy Northwest
Scope of Work: Insulation of New Feedwater Heaters & Associated Piping

Name of Project: New Egg Shaped Digesters
Location: Spokane, WA
Owner: City of Spokane
Scope of Work: Insulate Ductwork, Piping & Equipment
